

## Non-smoking contract

I, \_\_\_\_\_, am aware that smoking any substance in the cottage Star Valley 2 is strictly prohibited for safety reasons and for the respect of others as well. Conformly to the decree no°2006-1386 applied november 15th 2006 forbidding smoking in public areas, smoking in the cottage will expose me to a 200\$ facturation per stay.

The owner is allowed to take the amount required off of the security payment to remediate to this situation.

I ensure that anyone who smokes throws their cigarette stubs in the fireplace and not on the ground for safety and for the respect of future customers.

I am aware that this cottage is situated in a natural environment, which should be respected.

I ensure that anyone staying in the cottage will read and follow these rules as well.
